THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newborn's Hericidin destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c in stamps for sample to The Hericidin Co., Detroit, Mich.

Famine in Japan.

The New York State branch of the American National Red Cross yesterday issued a statement as to famine conditions in Japan.

"The famine in Japan," the statement says, "which has been considered for sometime moderately serious, is now known, as the result of reliable private advices received by the New York State Red Cross, to be one of the most terrible starvation emergencies of modern times."

The failure of the rice crop, which at one time was believed to be limited to certain classes only in the northern provinces, has been found to be general in those parts of Japan, and conservative estimates place the number of starving Japanese at from 800,000 to 1,000,000 persons.

For these, owing to extended rains last summer, which have ruined the rice and other food crops, there is absolutely no relief in sight until next October, when a new harvest will be available.

As if this were not bad enough, the present winter has been one of the most severe in Japan in many years. The sum of \$16,000,000 will be required to save the Japanese country people. This is estimated by allowing for a cost of 10 cents per person per day.

A special meeting of the Japanese famine committee has been called for Monday. The committee is now considering whether it is wise to undertake the collection and transportation of food as well as money. Already two food experts from Japan have been asked to prepare a food list showing what American staples can be used.

Striggs Convicted.

Bob Striggs, the negro divekeeper, was convicted before Judge Cowing in General Sessions in New York yesterday of abduction. As he was indicted for a second offense he may yet 20 years in Sing Sing, and it is not unlikely that he will get the maximum punishment.

It took the jury 10 minutes to convict him. It was after he had gone on the witness stand and denied everything that Hattie Warren had said of how he had beaten her and held her a prisoner in his house. When Striggs' counsel was making his opening address for him the negro made a pretense at crying.

But when the verdict was brought in he glared at the foreman of the jury. Immediately after Striggs had been sent over to the Tombs, Sallie Bennett, a negro, was brought into court. She is indicted for abduction as a second offense. She kept a house four doors from the Tenderloin station. When she heard that Striggs had been convicted she decided that it would be a good thing to plead guilty. She was allowed to plead to a first offense, and will probably get 10 years. She has been in Sing Sing four years. She is said to have a working business arrangement with Striggs whereby white women were shifted from one house to another.

A. F. L. to Enter Politics.

The executive council of the American Federation of Labor spent some time yesterday discussing the replies of President Roosevelt and Speaker Cannon to the bill of grievances presented to them and to President pro tem. Frye, of the Senate, yesterday, regarding legislation affecting labor interests. Mr. Gompers said last night that the concluding paragraph in the memorial meant exactly what it said. That is, if Congress fails to remedy the grievances, the organization will appeal direct to the people.

In other words, he said, the Federation of Labor will enter the field of politics and urge organized labor to elect men of their own choosing, and thus have a personal voice in the government. There will be further discussions of the situation by the members of the council, among whom the remarks of the President and Mr. Cannon have made a deep impression. Mr. Gompers insists the council is in the right regarding the statements set forth in the bill of grievances, that it has abundant proof of the representations made and that the condition of affairs in the labor world everywhere is the best proof of its contention.

Russian Jews Coming.

Unusually large numbers of Jewish and Russian emigrants to the United States and South America are expected to leave Germany after Easter, and an influential committee has been formed at Berlin with the object of directing the emigration to the best places. So far as the United States is concerned, the committee will publish advertisements throughout Russia advising emigrants to avoid New York and all the eastern states, and committees will be formed at Galveston, New Orleans, Baltimore and other southern seaports which, co-operating with committees in the interior, will direct emigrants to places where they can work at their trades. The committee has been informed that many Jews who are well-to-do are preparing to go to the United States.

Indigestion is much of a habit.

Don't get the habit. Take a little Kodol Dyspepsia Cure after eating and you will quit belching, puffing, palpitations and freckling. Kodol digests what you eat and makes the stomach sweet. Sold by W. F. Creighton & Co., 401 King street.

Nervous Women

Their Sufferings Are Usually Due to Female Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous?

How often do we hear the expression, "I am so nervous, it seems as if I should fly," or, "I don't sleep," or, "I can't do anything."

Little things annoy you, and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in woman is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman.

Fits of depression or restlessness and irritability; spirits easily affected, so that one minute she laughs, the next minute weeps; pain in the abdominal region and between the shoulders; loss of voice; nervous dyspepsia; a tendency to cry at the least provocation—all these point to nervous prostration.

Nothing will relieve this distressing condition and prevent mental prostration and suffer, so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 104 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night."

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me."

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick, weak and discouraged, exhausted each day, when you can be as easily cured as other women.

Gov. Pattison Ill.

Although Gov. Pattison is reported considerably improved in the official bulletin issued at Columbus, Ohio, last night by attending physicians, the belief prevails that his condition is very grave. The physicians refuse absolutely to discuss the governor's condition, and nothing is obtainable from them outside the formal statements issued to the public. The members of Gov. Pattison's family are equally reticent. Gov. Pattison possesses wonderful vitality, and the doctors count much upon this. His vitality was shown by the manner in which he rallied yesterday after the sinking spell which he suffered Wednesday night. All that is known to the public up to this time regarding the nature of Gov. Pattison's illness is that he is suffering from nervous prostration. Reports to the effect that kidney trouble has complicated his illness are neither affirmed nor denied by the physicians.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves were so wrecked that I could not sleep; I was given up to die as I was induced to try Ely's Bitter; with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by E. S. Leadbeater & Sons, druggists.

For an Impaired Appetite.

Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These Tablets also act as a gentle laxative. For sale by Gibson & Timberman and W. F. Creighton & Co.
